The Master Gardener program serves as a valuable and reliable source of horticultural and environmental information and expert volunteer service in Missouri. Learn from university professors, industry professionals and other experts on a variety of horticulture topics. A love of gardening and a desire to learn are the only qualifications for entering the Master Gardener program. Master Gardeners complete 30 hours of volunteer service following their initial training. Subsequent years require 20 hours of volunteer service. **Enrollment is limited and will be filled on a first come, first served basis. Deadline is August 16, 2016.**
